Shareholder Tax Information

As previously announced, Harris Corporation (Harris) completed the distribution of all of the shares held by Harris of Harris Stratex Networks, Inc. (HSTX) to the shareholders of Harris on May 27, 2009. Each Harris shareholder received .248418 of a share of HSTX for each Harris share held by the shareholder on the record date.

We are advised by tax counsel that the distribution is taxable for U.S. federal income tax purposes. You have taxable dividend income equal to the fair market value of the HSTX shares you received plus any cash received in respect of fractional shares of HSTX. This notice does not address U.S. state and local or international tax consequences.

We believe the fair market value of the HSTX Class A common stock received by each Harris shareholder is equal to the Volume Weighted Average Price (VWAP) of HSTX trades on May 27, 2009 and this is the value we intend to report to the IRS and to each shareholder as part of the Form 1099 process. The HSTX VWAP for May 27, 2009 is \$5.366. There is no assurance that the IRS or the courts will agree that this is the correct fair market value of the HSTX shares for tax purposes.

Your U.S. federal tax basis in the HSTX shares will be equal to the fair market value used for reporting taxable income in respect of receiving the shares. Your basis in Harris shares is not affected by this calculation. Your holding period for HSTX shares will begin on May 28, 2009.

The information in this notice represents our understanding of existing U.S. federal income tax laws and regulations. It is not intended as tax or investment advice. You may wish to consult an investment or tax adviser regarding the U.S. federal, state, local or international tax consequences of your specific circumstances. For additional information regarding the tax treatment of the distribution, please see the Information Statement dated May 14, 2009. .
